20 knots

MAX SPEED

26 knots

STABILISERS

At anchor and underway

Launched in 2018, the 36.5m Morning Star was designed by Francesco Paszkowski and built by the prestigious Italian shipyard Sanlorenzo.

The yacht is characterised by a wide body and a superstructure that provides excellent space inside for guests. Very large windows on either side of the lower deck allow for magnificent views and light. Morning Star features such state-of-the-art features as opening terraces at the bow for the owner's suite and mid-ships for the main salon. There is a grand sundeck with a glass-sided jacuzzi, alfresco dining area, a bar and plenty of space to dance at night or catch the sunshine whilst taking in the picturesque scenery when cruising or at an anchorage.

The interior configuration has been designed to comfortably accommodate up to 10 guests in 5 staterooms, comprising a deluxe full-beam master suite on the main deck and a further 2 double and 2 convertible (twin or double) en-suite staterooms on the lower deck.

An extensive selection of water sports and toys can be accessed from the extendable swim platform that stretches out behind the yacht.

The outstanding Captain and crew on board are there to ensure a relaxed luxury yacht experience.
