

THUMPER

40.05m (131'5") Sunseeker 2014

THUMPER is arguably one of the best 40 Metre Yachts ever constructed by leading British manufacturer, Sunseeker. A 2015 World Superyacht Awards finalist, THUMPER is a special one-off Sunseeker, a combination of both design and performance, which has had considerable custom design improvements.

Seductive. Inspirational. Versatile. This tri-deck Sunseeker 40m Yacht epitomizes everything that a 40m superyacht should be. Accommodating up to twelve guests in sublime surroundings, the sheer scale and layout of this immense yacht is awe-inspiring. Her custom interior was conceived by one of London's top interior design houses, HPM Developments. Comprising of a highly detailed, luxury interior design, encompassing clean, bright decorative materials of leathers, pale timbers, metals and semi-precious stones, the design reflects the sophisticated Hamptons style with playful elements inspired by the Ibiza beach club vibe. The detailing throughout the boat is bespoke, maximizing the feeling of space, with careful consideration taken to hidden storage. Unique feature artwork has been commissioned by Based Upon, a team of artists and designers who create highly acclaimed, bespoke handmade sculptural pieces.

THUMPER carries an extensive selection of water sports toys, is fitted with a modern AV system and has an outstanding crew of 9, to ensure guests will have a safe and memorable charter experience.
